"WE PLAY THRASH METAL"

- *Tornadic* (pronounced with a short ă sound), is a thrash/djent metal band that was established in late 2018. The music of Tornadic is inspired by some of the biggest bands from the 1980's and today; such as Metallica, Megadeth, Overkill, Death Angel, Anthrax, Periphery, Animals as Leaders, and Veil of Maya just to name a few. You can hear their modern take on classic thrash with their complex riffs and hooks in their original songs.
